

HAND to HOLD

# HAND to HOLD Discussion Series

## Getting the Most Out of Early Intervention

Early childhood presents a brief window of opportunity to influence lifelong development and to prevent or minimize developmental challenges.

This discussion helps parents and caregivers to maximize access & understanding of proven therapies, provides ways to enhance these yourself, and sets expectations for transitioning out of ECI. Following the presentation, a panel of local experts, with diverse specialties, will share insights and answer questions from the audience.

Thursday, September 30, 2010  
7 pm - 9 pm

Dell Children's Medical Center  
Signe Auditorium  
4900 Mueller Boulevard  
Austin, Texas 78723

*Keynote Speaker, Chris Watkins, has served the Texas Early Childhood Intervention (ECI) system for more than 25 years.*

*Panelists include Dr. Briana Larson, O.D., The Optometry Center for Vision Therapy, Doug Levine, PLLC, Growing Places Therapy Services, Jill Munch, CCC, SLP, Red Wagon Therapy, and Carole Garrett, MSPT, Little Tesoros.*

*Additional representatives from local therapy centers will be present for questions and introductions.*

Hand to Hold's mission is to provide support to parents who've suffered a loss, whose baby was born prematurely, or whose child has ongoing health care needs by offering a comprehensive support program, resources, and information to ensure the best possible outcome for babies and their families.
